**AS A MEMBER OF OUR TEAM,  
YOU MATTER TO US.**

When a team member's wellbeing is at risk due to domestic violence, it affects all of us. Asking for help or guidance may be a hard decision to make. But if you need to talk, seek support or assistance... we are here for you.

**This workplace is a safe and supportive environment for you.**

opentalkworks.ca is a website that can help you as well. There are many community resources that can help you to the supports available in our community.
